Call for Corporate Sponsors

As in years past, this symposium will examine where the IC Test industry is heading in the long-term and what test technologies and equipment will get us there. This year’s theme is "Ground Breaking Innovations in Test", focusing on the new challenges of emerging technologies and the economics of developing smarter test programs using key learnings from test data.

Test Vision is now in its 12th year and is a two-time winner of the "Most Successful Event" Award of the IEEE Test Technology Technical Council. Last year’s event attracted over 100 attendees who are the drivers of test strategy in their respective companies. Sponsorship gets a company's name in front of a highly targeted audience both at the conference, and in emails and web pages advertising the event. We offer various sponsorship options:

Three levels of Sponsorship

- Platinum $2000
- Gold $1000
- Silver $500

Silver Sponsors will receive the following benefits:
- Company name on Workshop gift
- Company logo on Test Vision website and SEMICON West Test Vision webpage
- Company logo on Workshop promotional materials
- Company logo prominently displayed on welcome slides and signs at the Workshop
- Emcee to recognize as sponsor

Gold Sponsors: In addition to above benefits, Gold Sponsors will receive:
- More prominent logo placement on conference materials
- The ability to utilize table space at the conference itself to display or demonstrate products and collateral material from the sponsoring company.

Platinum Sponsor: In addition to above benefits, The Platinum Sponsor will receive:
- Exclusive recognition as the Platinum Sponsor at the workshop with most prominent placement on collateral and marketing material
- Special recognition for sponsorship at any luncheon or social events
