SEMI SMT-ELS Freeze Version

Oct. 27, 2019
FlowManufacturing Forum /SEMI
Position of This Document

• This document provides the guide for combining versions of the SEMI Standards to be used as SEMI SMT-ELS Standards suite for successful implementation using explicit version management of SEMI SMT-ELS Standard suite.
• This document is maintained by SEMI FlowManufacturing Forum.
• This document may be upgraded as a SEMI Standard by Japan TC Chapter of Automation Technology GTC in future.
Usage of the Freeze Version

• The Freeze Version is used to specify the versions and options of Standards that are or should be implemented.

• In the case not fully compliant with the specified Freeze Version, a list of non-compliant items should be attached together with the Freeze Version number.
Referenced Standards

- SEMI SMT-ELS Standards suite consists of the following SEMI Standards
  - SEMI A2 Specification For Surface Mount Assembler Smart Hookup (SMASH)
  - SEMI A1 Specification For Production Equipment Smart Connection Interface (PESCI)
  - SEMI A1.1 Specification For TCP/IP Interface For Production Equipment Smart Connection Interface (PESCI)
SEMII SMT-ELS Freeze Version 0

- The SEMI SMT-ELS Freeze Version 0 is the first version released in October 2019.
- Table 1 summarizes SEMI Standards versions for the SEMI SMT-ELS Freeze Version 0.
- The Compliance Statement table in SEMI A2 should be filled and provided with the implemented product.
